Description

Navigation Yard Industrial Estate consists of a single terrace featuring six compact light industrial and warehouse units. These units are constructed with steel portal frames and have pitched roofs made from profiled metal sheets. Each unit is equipped with a single painted metal roller shutter door on the front elevation for easy access.

The estate includes an access road that leads directly into a service yard and parking area located at the front of the site. The service yard is surfaced with tarmac, providing a durable and clean working environment. The entire estate is securely enclosed by a palisade fence, ensuring safety and controlled access.

Location

Navigation Yard Industrial Estate is strategically situated within the town of Mountain Ash, offering excellent accessibility for businesses and logistics operations. The estate is conveniently accessed via the A4059, a key local road that connects directly to larger arterial roads. This provides seamless travel options for vehicles entering or leaving the estate.

The location benefits from strong transport links to the A470, facilitating efficient travel towards both northern and southern regions. The estate is well connected to the M4 motorway. Junction 32 of the M4 is located approximately 14 miles north of Navigation Yard Industrial Estate, enabling quick access to the motorway network for long-distance travel and freight distribution. From this junction, Cardiff City Centre lies a further 5 miles to the south, making the estate well-positioned for businesses requiring proximity to the capital of Wales, with its extensive commercial, retail, and transport facilities.
